

2005 CABERNET SAUVIGNON

The warmer year produced a wine which is richly textured and generous on the palate, whilst remaining intensely soft, multi-layered and elegant. The perfumed nose has hints of cedar, chocolate and liquorice which follow through to a well-defined palate. Overtones of black fruits mingle with dark chocolate notes and savoury nuances, and the finely integrated French oak provides elegant structure and a firm backbone to the palate which is balanced by our vineyard's hallmark minerality. Fine, dry, powdery tannins finish this finely balanced wine – a stylish expression of the variety and its wonderful site.
